ARTWORK REQUIREMENTS

ELIGIBILITY

Any art teacher who wishes to enter artwork of their students must respond to the exhibition invitation by registering online at www.violin.org/JESA by December 5, 2025. **Although this date has passed, we have extended the deadline to Friday, February 6, 2026 for those who are still interested in registering.**

Each entry must be the artwork of an individual student currently enrolled in a public or private Indiana school, grades one through twelve, a charter school, an accredited homeschool program, or part of an IVCI-approved civic organization.

THEME

Any theme related to the violin, such as the instrument itself, its music or its performance, will be considered appropriate.

MEDIA

An original work of art in two dimensions. All media suitable for reproduction will be considered, including photography. **Absolutely no three-dimensional or AI-generated artwork will be accepted.**

SIZE

The finished work may not be larger than 20 x 30" nor smaller than 8.5 x 11". The dimensions may be calculated vertically or horizontally.

PRELIMINARY JUDGING

Each participating art teacher will perform the preliminary level of judging by selecting a maximum of six artworks per exhibition level per school.

MOUNTING

Each artwork must be dry and individually mounted in a manner suitable for judging. Frames or glass may not be used. Any work that is in an easily damageable medium should be protected by a fixative or a clear plastic covering.

IDENTIFICATION

An entry form to indicate exhibition level of the artist, the artist's name, grade, title of work, medium, teacher's name, school, principal's name, school address, city, county, and school telephone number must be legible and firmly attached to the back of each work. The entry form, which will be included in the curriculum packet sent to all registered art teachers, may be duplicated for such use. Attach the entry form to the back of the artwork in the **upper right hand corner**.

ADDITIONAL GUIDELINES AND INFORMATION

Recordings of specially selected violin music and images of masterworks featuring the violin will be available online as instructional resources.

The state will be divided into five regions for regional judging (see enclosed map) so that all regions of the state of Indiana will be equally represented in the adjudication for the Streeter Hadley Matthews Grand Award Winners.

Only one artwork per student may be entered for regional judging.

If larger schools employ several art teachers, the teachers may each submit a maximum of six (6) artworks per level of exhibition for regional judging.

If one teacher works at several schools, that teacher may submit six (6) artworks per level of exhibition from each school for regional judging.

Because great recognition is gained both for the artists and for the Juried Exhibition of Student Art itself through the statewide touring and display of the artworks, all rights to the artwork of the 30 Streeter Hadley Matthews Grand Award Winners and the reproduction thereof become and remain the property of the International Violin Competition of Indianapolis. The artworks themselves will be returned to or available for pickup by the artist after a maximum period of three years.

The artwork of finalists not selected for statewide judging will be returned in the same manner in which it was received.

DISCLAIMER

Although the greatest care will be taken of the artwork submitted, the International Violin Competition of Indianapolis is not responsible for:

- 1) any loss of artwork, or
- 2) any damage to artwork submitted due to shipping method.
